5K Run To Benefit Program for Homeless Veterans

Here in New Jersey, the Veterans Administration estimates that as many as 6,500 veterans sleep on the streets or in shelters on any given night. To restore the dignity they deserve to our veterans, Community Hope – a private nonprofit organization – operates

Hope for Veterans, opened in 2004 as the **largest transitional housing** and rehabilitation program for homeless vets in NJ. Our award-winning program offers safe shelter, recovery services, job opportunities and the chance for these honorably-discharged veterans who have served their country to rebuild their lives.

How To Support Our Homeless Veterans

The **Somerset Hills YMCA** will be donating all proceeds from sponsorships and registration fees for the Eighth Annual Flag Day 5K Run on Thursday, June 11, 2009 to the Hope for Veterans Program.
