

## BREAKING THE CYCLE OF HOMELESSNESS

On any given night, thousands of veterans in New Jersey will sleep on the streets or in shelters. Many struggle with mental illness and addictions, including post-traumatic stress and other effects of having survived combat. For these former service men and women who honorably served our country and have since fallen upon hard times, our private charity began developing residential programs a decade ago aimed at helping homeless veterans rebuild their lives.

Today, Community Hope is the premier nonprofit agency addressing the needs of homeless veterans in New Jersey. Each day, we serve more than 100 veterans . . . ensuring they have a safe place to reside within our programs and providing the comprehensive services they need to make a successful recovery; rejoin the workforce and transition to permanent, affordable housing.

*"Community Hope has established innovative programs that serve as a national model for the long-term treatment and rehabilitation of homeless veterans."*

U.S. Congressman  
Rodney Frelinghuysen

## Veterans Services

### AWARD-WINNING PROGRAMS

- 2010 U.S. VA Secretary's Award
- 2005 National Community Partnership Award, Mutual of America Foundation
- 2005 Governor's Excellence in Housing Award

CARF Accredited for Community  
Housing and Case Management

## Hope for Veterans®

**Hope for Veterans® Transitional Housing Program** Our Hope for Veterans® Program, located on the Lyons VA campus and operated by our private charity, is among one of the largest and most comprehensive transitional housing programs for veterans struggling with homelessness. At our 95-bed facility, we help male and female veterans address the issues of mental illness and addiction that have left so many homeless and destitute. Veterans can reside here for up to two years as we help them rebuild their lives.

**Veterans Early Transition Services (VETS)** Our VETS Program is an emergency housing initiative in Newark aimed at providing immediate shelter and services to veterans living in crisis on the streets and in shelters. After a short stay at VETS, we help the veteran access longer-term treatment or transition to a more stable housing program, including Hope for Veterans®.

**Valley Brook Village** To ensure a home for our veterans who can continue to benefit from our supportive services, Community Hope has partnered with a private developer to build Valley Brook Village, one of the area's largest permanent supportive housing developments for homeless and disabled veterans. Construction is slated for 2012.

## TRANSITIONING TO INDEPENDENCE

During their tenure in our programs, veterans receive the following intensive services:

- Safe shelter in a supportive environment;
- Recovery services for substance abuse and depression, post traumatic stress and other forms of mental illness;
- Case management of health and rehabilitation services;
- Access to job programs and computer training;
- Legal aid;
- Peer support from their fellow veterans;
- Access to benefits and counseling in budgeting skills to enhance financial self-sufficiency and
- Specialized discharge planning services and linkage to affordable housing upon graduation.
